Job Name/Title:_____ Model #:_____ Contractor:_____

Southwire™

4" SQUARE SINGLE DEVICE RINGS

ADJUSTABLE

FEATURES

- Adjustable device rings allow a perfect flush installation to finished surfaces, ensuring that devices are securely fastened and well grounded to rings
- Telescoping one gang inner ring adjusts to finished wall surface for a perfect fit every time
- Great for prefabricated assemblies

APPLICATIONS

- 4" square adjustable single device rings are used with 4" square boxes to mount switches, receptacles and devices
- Adjustable device rings are used in ceilings, walls and floors when finished surface depth is unknown

STANDARD MATERIAL

- Galvanized steel

CERTIFICATIONS

- UL Listed
