NEW INNOVATIVE SOLUTIONS
The newest additions to our screwdriver line have a chrome-plated finish for corrosion resistance. Built with heavy duty shanks and bolsters for wrench assisted turning and comfort group handles for maximum torque, these screwdrivers make the perfect addition to your tool bag!

**ROTARY 4-IN-1 SCREWDRIVER**
- Includes #1 & #2 Phillips and 3/16” & 1/4” slotted tips
- Magnetic Bit Holder
- Rotary design for faster screw installation
- Bit storage in handle

**6-IN-1 HEAVY DUTY NUT DRIVER**
- Includes 3/16”, 1/4”, 5/16”, 3/8”, 7/16”, and 9/16” nut drivers
- 62% more torque*
- ASME B107.12-2004 color coded ends for quick identification
- Hollow shafts for screw clearance

*Up to 62% more nut driver torque vs. previous generation of Southwire multi-bit nut driver shanks.

**ADJUSTABLE LENGTH SCREWDRIVER**
- 2-in-1 includes #2 Phillips & 1/4” slotted tips
- Adjustable from 4” to 8”
- Pull collar down to extend, and pull up to shorten

**6-IN-1 SCREWDRIVER WITH PRECISION BIT**
- Includes 5/16” & 1/4” nut drivers, #1 & #0 Phillips tips, and 1/4” & 3/16” slotted tips
- #0 Phillips bit for precision work
- Precision-machined bits for an exact fit

Our line of knives are built for the job. Each knife features a lightweight metal body with comfort grip handles and premium blade materials that hold an edge over the competition. These knives are also covered under a no hassle, lifetime warranty.

**POCKET AND UTILITY KNIVES**

**EDGEFORCE® HAWK BILL D2 KNIFE**
- Premium D2 stainless steel stays sharper longer
- Curved blade for pull cuts and splicing
- Stonewash black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Comfort grip for maximum hold and comfort
- Reversible belt clip
- Dual thumb studs for right or left hand opening

**EDGEFORCE® 3.25 DROP POINT D2 KNIFE**
- Premium D2 stainless steel stays sharper longer
- Drop point blade for everyday carry
- Stonewash Black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Reversible belt clip
- Dual thumb studs for right or left hand opening
POCKET AND UTILITY KNIVES

**EDGE FORGE** COMPACT SHEEPS FOOT D2 KNIFE
- Premium D2 stainless steel stays sharper longer
- Straight edge, sheeps foot blade is ideal for splicing
- Stonewash black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Compact size for everyday carry
- Reversible belt clip
- Dual thumb studs for right or left hand opening

**EDGE FORGE** TANTO BLADE D2 KNIFE
- Ideal for piercing, slicing, and tear cuts
- Fine and serrated edge for cutting and tearing
- Stonewash black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Dual thumb studs for right or left hand opening

**COMPACT POCKET KNIFE**
- Durable 8CR13MOV stainless steel blade
- Drop point blade and compact size for everyday carry
- Black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Reversible belt clip
- Dual thumb studs for right or left hand opening
POCKET AND UTILITY KNIVES

HAWK BILL FOLDING KNIFE
- Durable 8CR13MOV stainless steel
- Curved blade for pull cuts and splicing
- Black oxide coated blade for corrosion resistance
- Liner lock keeps blade secure
- Comfort grip for maximum hold and comfort
- Reversible belt clip
- Dual thumb studs for right or left hand opening

QUICK OPEN FOLDING UTILITY KNIFE
- Quick open button for easy one hand operation
- Easy, tool-free blade change
- Accepts all common 2-point utility blades
- Comfort grip for maximum hold and comfort

AUTO-RETRACTING SAFETY UTILITY KNIFE
- Auto-retract blade for safety
- Easy, tool-free blade change
- Accepts all common 2-point utility blades
MULTIMETERS

Our newest multimeters are designed for a variety of applications. With a CAT III safety rating, these meters are great to use on the job.

MANUAL RANGING MULTIMETER

- 600V AC/DC voltage range
- CAT III 300V safety rating
- Built-in test lead holder
- 7 functions

AUTORANGING MULTIMETER

- 600V AC/DC voltage range
- CAT III 600V safety rating
- Non-contact voltage detector
- Built-in test lead holder
- 12 functions

MULTIMETER ELECTRICAL TESTER KIT

- Receptacle Tester – Tests standard 120V AC outlets
- Multimeter – 600V AC/DC voltage range
- Non-Contact Voltage Tester – 90-1000V detection range
TESTERS

Our newest receptacle and voltage testers perform multiple tests with one tool. Ideal for use on standard outlets.

RECEPTACLE TESTER
- Tests standard 120V AC outlets
- 6 tests in 1

GFCI RECEPTACLE TESTER
- Tests standard 120V AC outlets
- Tests GFCI outlets
- 7 tests in 1

AC/DC VOLTAGE TESTER
- 120-480V AC voltage range
- 160-600V DC voltage range
- CAT III 600V safety rating

AC LINE SPLITTER
The AC Line Splitter allows you to take current measurements without separating conductors. It features a CAT III safety rating and is UL listed.

- CAT III 300V safety rating
- UL listed design
- 14-gauge wire construction
- 10X resolution
