

# CIRCUIT PHASE IDENTIFICATION

Printed text identifiers allow installation crews to quickly recognize phases whether they are working at the panel or the receiving end of the conduit.

**EASIER IDENTIFICATION**

Saving time & effort while preventing misidentification

**IMPROVE TROUBLESHOOTING**

Easier to identify potential hazards

**ENHANCED SAFETY**

Avoid mistakes that could lead to shorts and other wiring hazards

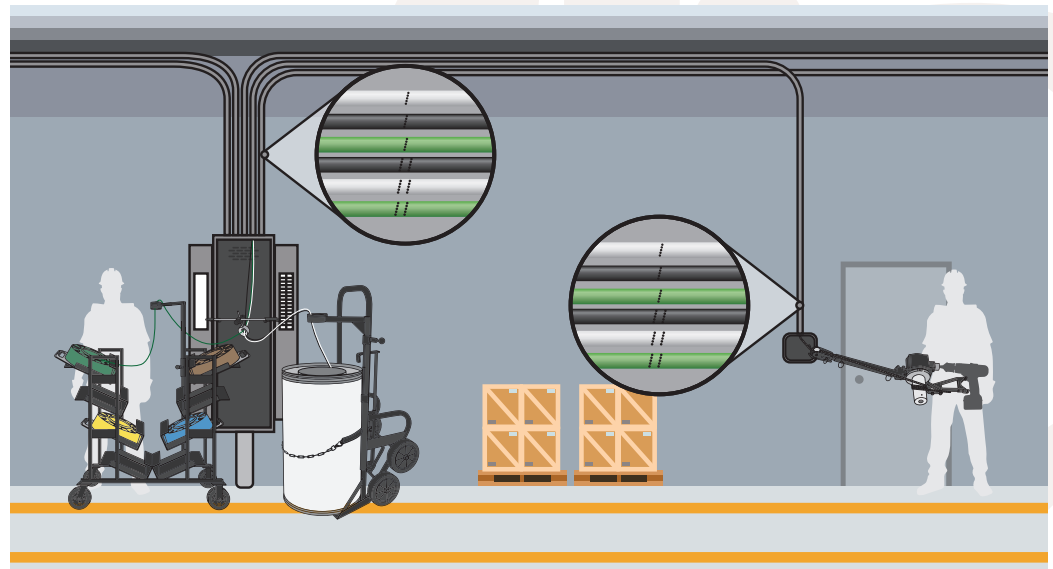

## PHASE IDENTIFICATION AVAILABLE IN:

**SIMpull® CoilPAK™ Wire Payoff with THHN/THWN-2**

**SIMpull Barrel™ Cable Drum with THHN/THWN-2**

Black	Red
