

PRO-ROLL™

The Sumner Pro Roll™ stand has a wide four-legged base and adjustable height making it ideal for pipe rotation and fabrication.

FEATURES

- Large 1/2" to 36" or up to a 2,500 lbs. load capacity
- Bronze bearing design reduces arcing
- Large handle makes for easy adjustment even with a gloved hand
- Smooth roller adjustment accessible from either side
- Quick change head and fine adjustment screw for precise rotation
- Available with 5 head attachments
