

Low Voltage Foot Switch FAQ's

Will my LVFS-01 work with any puller?

The LVFS-01 is designed to work with most cable pullers.

Does my LVFS-01 work with 250 Volts?

Unfortunately the LVFS-01 is only made for 120V 20Amp applications at this time.

Will my LVFS-01 protect my puller?

The LVFS-01 is designed to monitor line voltage and amperage, and will shut off if a given line input is incorrect.
