
Cable Radox 125, 3 x 1.0 mm² red/blue/black
Part no. 300985

Technical data

Dimensions

Ø: 7.6 mm

Material and weight

Weight: 0.086 kg/m

Loads and tightening torque

-

Standards applied

-

Function

-

Specifications

Nominal voltage: 600/1000 V

Alternating voltage test: 3500 V

Spare parts

-

Accessories

-

Comments

- Cable construction:
Solder coated copper strand conductor
Insulation Radox 125
Protecting jacket Radox 125 black
- Minimal bending radius: 3 x cable diameter (fix embed)
5 x Cable diameter (free movable)
- Additional mechanical and electrical data on request
