

Technical drawing of a casting part, showing multiple views and dimensions. The main view is a top-down perspective of the casting, which is a square plate with rounded corners. It features a central circular hole with a threaded insert. The dimensions are as follows:

- Overall width: 120.6 [4.75]
- Overall height: 120.7 [4.75]
- Distance from center to side holes: 69.85 [2.750]
- Distance from center to corner holes: 105.9 [4.17]
- Distance from center to bottom hole: 107.9 [4.25]
- Distance from center to top hole: 107.9 [4.25]
- Distance from center to side holes: 69.85 [2.750]
- Distance from center to corner holes: 105.9 [4.17]
- Distance from center to bottom hole: 107.9 [4.25]
- Distance from center to top hole: 107.9 [4.25]

Other views include a side view showing the profile of the casting, a front view showing the casting with a threaded insert, and a detail view of the casting with a threaded insert. The text "Garvin Industries" is visible on the top view. A note indicates "#8-32 UNC HOLE".
