

SURGE GUARD*

PROTECT WHAT YOU VALUE MOST

CHOOSE THE RIGHT LEVEL OF PROTECTION FOR YOUR RV

SURGE PROTECTION

Surge Guard® surge protection products with pedestal wiring diagnostics are designed for pop-up campers and small travel trailers with less electrical amenities. These devices provide high level surge protection along with visual identification of a wiring issue or power supply fault.

SURGE+ PROTECTION

Surge Guard® Surge+ protection are suitable for pop-up campers and travel trailers. These products are designed to identify faulty park power and offers surge protection. LED indicators provide status of wiring and voltage anomalies as well as overheated receptacles.

FULL ELECTRICAL PROTECTION

Surge Guard® full electrical protection products are ideal for large travel trailers, fifth wheels and motor homes that is fitted with more complex electronics. These products protects the RV by automatically disconnecting power, in the event of following fault conditions:

- Open ground
- Reverse polarity
- Low / High voltage
- Miswired pedestal
- Open neutral
- Power surges
- Low / High frequency

Faults and power status are displayed on the integrated LCD.

What is Connected Equipment Warranty?

Surge Guard* is designed and intended to protect the RV and equipment connected to it. If there is a warranty failure, Southwire will cover the repair/replacement cost of what was damaged as a result. Surge Guard* is the only brand to offer this level of protection.

CHECK OUT OUR NEW LIMITED LIFETIME & CONNECTED EQUIPMENT WARRANTIES.
