MAC RACK I™ & MAC RACK II™ CARTS

The Mac Rack I™ and Mac Rack II™ are multipurpose conduit, pipe, and strut rack carts designed to enhance material storage and mobility on the jobsite. The patented stacking feature allows the Mac Rack I™ and Mac Rack II™ to be stacked together for convenient transportation and compact storage.

FEATURES

- 1,000 lbs weight capacity
- Double wall square tubing
- Eight storage sections
- Arms fold easily with plunger pins for compact storage
- Support masts nest into base by pulling plunger pins
- Folds up in seconds for convenient storage
- Patented stacking feature: Stack similar carts together or with other Stacking Macs
- 6" heavy duty casters
- Durable powder coat finish
- Available with or without a mesh base
