

# PULL TAPE

PRE-INSTALLED  
IN CONDUIT

AVAILABLE  
ON A REEL

## CONSTRUCTION

- High strength measuring and flat woven pulling tape
- 100% polyester for low absorption of moisture
- Resistant to conduit cutting/burning-through during pulling
- Low elongation for safety and accuracy
- Printed with sequential footage markings for easy locating

## OPTIONS

- Available in 1130#, 1250#, 1800#, and 2500# tensile strength
- 1800# and 2500# tape also available with a locatable tracer wire pre-installed
- Available on a reel
- Available pre-installed in conduit
